

What doesn't  
belong?

hint: it's a battery

One car battery contains 18 lbs of lead & 1 lb of sulfuric acid. Recycle your car batteries properly. Your Rivanna River will thank you.

What doesn't  
belong?

hint: it's fertilizer

Residential gardeners use up to 10x more toxic chemicals than farmers. Use lawn chemicals sparingly. Your Rivanna River will thank you.

What doesn't  
belong?

hint: it's motor oil

One quart of oil can contaminate 250,000 gallons of water. It's time to start disposing auto waste properly. Your Rivanna River will thank you.

# What doesn't belong?

hint: it's doggie poop

12% of the bacteria in the Rivanna can be traced to pet waste. Time to start properly picking up after pets. Your Rivanna River will thank you.

What doesn't  
belong?

hint: it's a tire

Arsenic, mercury, & lead are all contained in automobile tires. It's time to start recycle tires properly. Your Rivanna River will thank you.
